

SACRED FLOWER of India is what this plant is called but one could name it Patience. According to the owner, Mrs. Walter Muehler, of Mokena, there is a long wait between blossoms as the plant blooms only once every five years. The photographer says that as far as he is concerned it would be a good thing to widen the span between blooms to -- well, make it a hundred years. The odor from the bloom, he says, is not a rare and fragrant perfume. (Marvin Smith photo.)

Angland Succeeds Needham As Plan Commission Head

At the last regular meeting of the Mokena Plan Commission, Berle Needham, chairman, announced that he found it necessary to resign the chairmanship since his position as Assistant General Auditor of the Rock Island railroad would now require that he do a large amount of travel in connection with merger possibilities with the Milwaukee railroad. The interstate commerce commission has also asked for special study information and Mr. Needham stated that he would not have the time needed to handle the chairmanship duties adequately although he will continue to offer his aid as he can afford the time.

By unanimous vote the commission members elected Maurice P. Angland chairman to fill out Mr. Needham's term of office. Mr. Needham had been chairman since the first of the year when he was elected to succeed Mr. Angland

who had been previous chairman. James Marti, mayor, introduced two new members he has appointed to the commission for three year terms. They were Robert O. Geuther and Ralph Yunker, members of the commission expressed themselves as very pleased with these selections for membership of the commission. It was pointed out that Mr. Yunker has engineering training and experience of the type useful in the commission activities. Mr. Geuther, as president of the school board, has been an ex-officio member of the commission since its inception more than two years ago. He has been active in the commission's labors and knows the functions and objectives thoroughly and especially as to necessary taxation pattern to support the expansion of school costs which accompany subdivision building.

Vocational Ag. Students Acquire Honors And Cash

Bryan Smith, Lincoln-Way high school senior, won the annual Future Farmers of American speech contest in the local chapter last Wednesday at the school. Smith won the contest as a junior and then placed second at the Section 10 FFA Contest. This qualified Bryan to attend the District 2 contest. At District 2 Smith finished fourth among the contestants.

On March 29 he will be entered in the Section 10 contest at Conover, Ill.

Ron Heisner and Glen Patterson finished behind Smith in the local contest and will be alternates.

The best annual projects awards were given at this meeting.

Glen Patterson was the top third year student with a project, (that netted him \$1,063.56 in profit) of 8,000 broiler chickens, and 40 acres of corn.

best second year student with five head of beef, ten head of swine, and twenty acres of corn. Dan's profit for the one year's work was \$1,089.79.

These are a requirement for the course. The total amount of profits for the students projects far exceeded my own salary for a year.

The new officers were elected for the Lincoln-Way FFA. They are: Glen Patterson, President; Don Waldvogel, vice-president; Dan Walker, secretary; Al Waldvogel, treasurer; Bob Mancke, reporter; Jim DeHart, sentinel.

Plans For New Well At Orland Near Completion

Plans for a new well to augment the water supply for Orland Park are nearing completion and the village engineer, Mark Lovejoy, told the council Monday night that he hopes to have everything in readiness so the board can advertise for bids in about three weeks.

The board spent sometime Monday night in discussing prospective sites for the well and while a decision is yet to be made on the

location the consensus of opinion appears to be that the well should be placed in the vicinity of West Ave. and 151st Street.

The engineer also reported that he expects to have a rough draft of the sewer plans ready soon for inspection by the Chicago sanitary district. Plans for the sewer must have the approval of the sanitary district.

The sanitary district, incidentally, will aid the Orland Park sewer project thru installation of a short sewer extension. The district has authorized Paschen Contractors, Inc., which built the sewage treatment plant, to extend an 18-inch concrete pipe sewer under the Wabash tracks, a distance 100 feet west of the treatment works. This work will cost the district an extra \$8,750 but it will aid the village in making a connection

with the treatment works. The village board has hired Howard Braasch to make some surveys and lay out some lot corners in conjunction with the sewer project. Village Attorney Raymond Pieper was instructed to proceed with the legal work necessary in obtaining easements for the sewer lines. The board hired Joseph Rust,

a former village clerk, on a full time basis. He will have his office in the village hall and will work with the sanitary district and village officials in the operation of the sewer and water systems.

A plat for a subdivision at 94th and 159th Streets was referred to the village planning commission by the board.

Fire Destroys Interior Of Mokena Home

Fire, believed to have started in the attic of the two-story, frame home of the Vernon Bormet family, 121 Wolf road, Mokena, destroyed the interior and contents yesterday morning.

Mr. and Mrs. Bormet and their four children, were routed from their beds about 5:30 a.m. Wednesday. Mr. Bormet was awakened by the smell of smoke. He roused his wife and the two girls, Frances and Carol, and shouted for the two boys, Warren and Leslie, who were sleeping upstairs. When they did not respond the father ran up stairs. He found the youngsters were partially overcome by smoke and had lost their way. Mr. Bormet carried them downstairs and out in the air.

The Bormets took shelter with neighbors.

Chief Carrol Roberts of the Mokena volunteer fire department, which fought the blaze for two hours before extinguishing it, made no estimate of the loss nor had the origin of the blaze been determined.

The Bormets had remodeled the house last spring.

All of the clothing possessed by the boys was destroyed. Some of the girls' clothing was salvaged but there was a loss there too. The boys sizes are 12 and 16; and the girls are 6 and 10.

Loose Tire Smashes Car At N. Lenox

A runaway truck tire and rim slammed into the side of a parked car in New Lenox last Friday afternoon, caving in the side of the vehicle. The car is owned by Mrs. Doris Christman, of Mokena, operator of a beauty parlor on the north side of U.S. 30 at New Lenox.

The truck, driven by Charles E. Redman, 44, of Attica, Ind., was west bound on U.S. 30. As it slowed for the traffic signal at Cedar road the lugs on the outside, right year wheel apparently sheared and the tire and rim went sailing along, passing the truck and then veering off to right smashing into the car Mrs. Christman had parked in front of her shop.

New Lenox Police Chief George Kennedy, who investigated the accident, said it was fortunate that the tire struck the car. Otherwise it might have struck a pedestrian, perhaps fatally.

Next Wednesday Marks Beginning Of Lenten Season

Ash Wednesday--the day opening the lenten period--falls on March 2 this year, which is next week.

Roman and Episcopal churches will distribute ashes but most churches plan special services.

In the Christian world lent is the 40 day period, excluding Sundays, preceding Easter, during which various fasts and penances are observed.

Many individuals also use the time to make minor sacrifices such as giving up candy, alcohol, tobacco.

Next Tuesday--designated as Shrove Tuesday on church calendars--is also known as Mardi Gras and is the last day for merry-making until after Easter.

Many churches in the area plan special services thru lent, culminating with those held in Holy Week.

Mokena Seeks Dog Catcher

The dogs have it again. The village fathers of Mokena struggled again, over the dog question, at their meeting Feb. 15. So many citizens are complaining about dogs, strays and otherwise, taking over the village, being a great nuisance at many homes, that something must be done.

Henry Shevlin, chairman of the committee to which the dog problem is assigned has been working for a solution. Mr. Shevlin states all he needs now, is someone to be dog catcher, and then the dogs will be picked up and taken to the Olson kennels, at New Lenox. Mr. Shevlin is hoping someone will volunteer to do this work. He will be paid.

The dog ordinance, which was drawn up in 1952, has been found to be somewhat obsolete as to fines, etc. Therefore, the ordinance will be amended by Village Attorney Ray Hoolehan and presented at the March 1 meeting.

A reminder that after Feb. 29, next Monday, the vehicle license will lose the discount. Auto owners in the village have until that day to get their licenses at \$3. Starting March 1, they will be \$5 plus a fine.

The City With Country Charm Winning Slogan In Council Sponsored Contest

BY MARGOT BARTNIK SY 8-7742
 "The City With Country Charm" is a fitting slogan for Country Club Hills. At the Cupid's ball last Saturday night, the above phrase was announced as the winning slogan in the contest sponsored by the city council.

Competition was keen; a total of 183 entries having been submitted. Initial judging was made by members of the playground and recreation board who selected ten slogans from which the city council members, excluding Alderman Clint Nelson, chose the winner. Suspense was at feverpitch all evening until the announcement, with the only man "in the know" - Clint Nelson, keeping absolutely "mum" on the identity of the winner. Mr. Nelson had in his possession, the master chart listing the names attached to each slogan, whereas the judges in the recreation bd. and City Council judged by number only, so as to be completely fair. It was generally agreed that "The City With Country Charm" pleased everyone.

J. E. Merrion presented a television set to Mrs. Joseph Shank, 4610 W. 182nd Place, author of the winning slogan. Honorable mention was made to the next six best slogans, which were read off by Mayor James Nally, and the contributors identified.

The evening was a huge success, what with numerous prizes and enjoyable entertainment, provided by three young ladies from the Minuth School of Dance in New Lenox. Despite inclement weather, a good crowd was in attendance. Mrs. John Thomas, President of the Woman's club, which sponsored the ball, wishes to thank everyone who assisted in making the ball

such a tremendous success!

The six slogans receiving honorable mention were: "Oasis - U.S.A.," submitted by Joseph Wachala, 4461 W. 179th "Country Comfort Plus City Convenience Equal Happy Homes" submitted by: L. W. Burkett - 4731 W. 184th Place, "Good Planning - Pleasant Living" by Joseph Bartnik - 18100 S. Baker, "Planned For the Family" submitted by George A. Bartnik - 18100 S. Baker, "Portal To Better Living" by Mrs. Harold J. Miller - 4721 W. 184th Place, "Tomorrow's City - Today" submitted by Anne Marie Allison - 4661 W. 187th Street.

C.C.H. FIREMEN'S CLUB
 Plans for the raising of \$8,000, the goal set by the Country Club Hills Firemen's Club for the purchase of the much needed utility truck, have been announced by recently elected club vice-president Sam Cooley, 18005 Michael Ave.

VOTERS REGISTRATION
 Final days for registration of voters at the city clerk's office will be March 1, 2 and 3. The evening hours will be from 7 to 10 o'clock.

"The Firemen's club feels that ten dollars per home is not asking too much when you consider that the acquiring of our present fire insurance rate meant a savings of between \$12,000 and \$10,000 a house, nor is it a great amount to insure better and more efficient fire protection. It would be a frightening thought to know that our Fire Dept. was not equipped to adequately protect our homes and loved ones. This will not be the situation if everyone supports this campaign for \$8,000. With approximately 800 homes already in the district and more being occupied every week, this goal can be

attained", Cooley said.

Meanwhile, the Women's Auxiliary, composed of a small group of Firemen's wives, is busy making plans for a bake sale to be conducted on March 12 in Units #1 and #2. Proceeds from this sale will be used in helping attain this goal. Homemakers living in Units #3 and #4 will be asked to contribute homemade bakery goods to be sold by the Auxiliary in units #2 and #1. Mrs. Lillian Thomas, 4610 West 183rd St., president of the Woman's Club of C.C.H., advised the Auxiliary of the fire department that her organization will assist in this endeavor by contributing homemade bakery items. Advised of this, Cooley said, "If everyone co-operates like this, how can we possibly fail to reach our goal?"

SWALLOWS ORNAMENT
 On Wednesday, Feb. 17, little Debra Daniels, 17 month old daughter of Fire Chief and Mrs. Frank W. Daniels of 18033 Thomas Lane, decided to see how tasty a small, bright blue, glass ornament would be. But when a piece of the attractive bauble lodged in the roof of her mouth, she decided this wasn't for her. At 11:56 a.m., a hurried call was placed to the fire department and by 11:58 a.m. firemen were on the scene. It was quickly decided by Debbie that her mouth and what was in it was her business only and not the concern of the Fire department. Arrangements were made with St. James hospital in Chicago Heights and at 12:01 p.m., the police squad car was summoned for the hurried trip.

By 12:06, Debbie, her frantic mother, and Fire Lt. Robert Fitzpatrick, were being whisked to Chicago Heights by Police Chief John

Marts. But examination in the emergency room of St. James Hospital at 12:16 disclosed nothing. Apparently the excitement and the fast ride caused Debbie to swallow the shiny trinket.

After returning home at a much slower pace, Debbie sat eating mashed potatoes and bread, as prescribed by the hospital staff, wondering, probably, why grown-ups get so excited over a little girl's appetite.

The instructor for the course was Mrs. Donald Hibbeler, a registered nurse, 7130 West 131st st., Palos Heights. Mrs. Hibbeler was an army nurse during the Korean conflict and is also Chapter Representative for the American Red Cross.

Seventeen members received their awards at a ceremony held at the home of Mrs. Donald Nagel, 8111 West 130th st., Palos Park. The Regional Nursing Services director, congratulated the group on their enthusiasm and interest and commended them for their activities in Civilian Defense. According to Downey, the Palos Park group is the most active one of its kind in Cook County.

The group recently elected officers for 1960 at a meeting held at the Good Shepherd Church, Palos Park. Those women elected were Mrs. Willis Knippel, chairman; Mrs. Roland Herrman, vice-ch-

airman; Mrs. George Herbach, recording secretary; Mrs. William Lilly, corresponding secretary; and Mrs. Rollo Anderson, treasurer.

This active group of women realizes that "Civil Defense" is first of all and most importantly, an acute personal desire to protect themselves and their families. Individuals might have to depend upon their own knowledge and resourcefulness for days and possibly weeks after a major attack. There are five simple steps to safety that everyone must and should make it their duty to know.

Would you know what to do when the warning signals sound and just what do they mean? Do you know what your community plan for emergency action consists of? Do you know the basic fundamentals for protection from radioactive fallout? Do you know first aid and have you made any home emergency preparations? Do you know the use of CONELRAD - 640 or 1240 - for official directions?

The skills you learn in home and family protection will make you better prepared, more self-reliant, in meeting disasters, whether they occur from an enemy attack, from the forces of nature, or from accidents in everyday life. The Palos Park Women's Civil Defense Corps is ready, willing and able to aid any group, women's

clubs, neighborhood organizations, Girl Scouts or any individual interested in preparing themselves and their families for survival.

The Palos Park Women's Civil Defense Corps meets every second and fourth Monday of each month at the Good Shepherd Church, Palos Park. For further information call Mrs. Willis Knippel, Gibson 8-3718 or your local Civilian Defense director, William Lilly, Gibson 8-3722.

Wayside Workers Circle Seeks Bandage Material

By Elizabeth Anderson
The Wayside Workers Circle of King's Daughters will meet at Homer church Thursday, March 3, at 1 o'clock, with Mrs. Robert Shepherd Sr. and Mrs. Donald Aspel acting as hostesses. Old white material for bandages will be collected at this time.

On Sunday evening, Feb. 28, the young people of Homer church will attend a Youth Rally at Zion Lutheran Church in Lockport, from 6 to 9 o'clock.

Last Saturday evening this group canceled its trip to Rosemoor church because of road conditions, and went coasting at the Elwyn Reed home instead.

The family of Louis Marti wish to thank the many people who offered blood before his surgery. Thirty-one pints were donated. In addition several more were offered by persons who, for one reason or another, were unable to give.

On Thursday, Feb. 18, Mr. Marti died following a delicate heart operation at Chicago Research Hospital. Funeral services were held Monday at the Goodale Funeral Home with burial in Brooks Cemetery. He is survived by his wife, the former Hazel Morris of Orland Park, and two small sons, also two brothers, three sisters, and several nieces, nephews and cousins. Most of his life was spent at the family home in southeast Homer.

The Herman Bencks were called to Palos Heights Thursday by the death of Mr. Benck's brother, Henry. He had been in a Blue Island hospital where he underwent surgery about a week ago. He was thought to be recovering when a sudden heart attack caused his death on Thursday. Funeral services and burial were in Blue Island on Saturday.

Mrs. R. W. Carlson went to Silver Cross hospital Tuesday, for minor surgery, returning to her home on Wednesday.

Harold Drewes who has been critically ill in Elkhart, Ind., is somewhat improved, but still unable to come home.

Last Sunday morning as Mrs. Frank Paul, Cedar Rd., was enroute to church, her car went out of control on the ice on Cedar Rd., one half mile north of Rt. 6, and skidded into a ditch, striking an embankment. Neither Mrs. Paul nor her son, Frank III, was injured. The car, badly damaged, had to be pulled from the ditch with a farm tractor, and taken to a garage for repairs.

Lee Phillips cut his hand while coasting near his home last week and three stitches were required to close the wound.

Randall Storm was removed by Ambulance to the Oak Bluff Nursing Home on Bruce Rd., after suffering a heart attack at his home Wednesday morning.

James Burnworth is enjoying a two weeks' furlough from his duties with the Marines. He is visiting his parents on Bruce Rd.

Frank Paul Jr. was the fortunate winner of the first door prize at the Homer Twp. Firemen's dance last Saturday night. Russell Schacke received the second prize and Mrs. Earl Burnworth the third.

There will be a meeting at Troy, Feb. 29, to discuss refreshment projects to be managed by various churches at the Farm Progress Show to be held near Minooka this year. Homer church expects to send a delegation to this meeting to learn details concerning the project and decide whether they think it feasible to have a booth there.

Dr. John Hummel of Joliet was the guest speaker at the meeting of the Homer School Club Thursday evening. He gave an informative talk and film entitled "Medicine Looks at the Heart."

Tonight (Thursday, Feb. 25) the club will sponsor a Roller Skating party at the Lockport Rink.

WHY LENT?

For hundreds of years the Christian Church has set aside the six weeks before Easter and has designated them "the Lenten season."

The purpose of this special season is to give Christians an opportunity to recall the consequences of sin and the assurance of redemption. It provides Christian churches with an opportunity to tell the unchurched residents of their communities of the central fact of the Christian faith—the death of the Son of God to atone for the sins of the world.

The message of Lent is to Christianity what a spring is to a watch, what a motor is to a car. Take the message of Christ's life and death out of the Christian religion and you have only a worthless shell.

The message of Lent is still the message of Paul: "Christ died for our sins according to the Scriptures."

During these weeks thousands of churches throughout the nation are bringing this fundamental Bible fact into sharp focus. If you have not yet found forgiveness for your sins through faith in Christ, we extend a hearty invitation to you to attend our Lenten services.

Street Work Costs Exceed Mokena Funds

Ralph Yunker, Mokena, and John Torres, engineers from the Mulford Engineering Service in Chicago Heights, attended the Mokena village board meeting Feb. 15 and discussed with members the problem of repairing the village streets. They were requested by the board to make a survey of the streets.

The two engineers reported what they had found in their survey, and in order to do the work correctly on all the streets, it would cost many thousand dollars more than the village will have available from the motor fuel tax. The board emphasized that the work should be done first on the most critical sections of streets, such as Front Street west of Wolf road, and repair other streets as funds are available. The board is most anxious to have all streets put in good condition as soon as possible. Installing the sewer has, understandably damaged to a large extent, many streets.

Mr. Yunker and Mr. Torres will report at the next board meeting March 1 and give their suggestions as to what streets, and what work, should be done now. If the board agrees, as soon as the spring season opens, they will proceed with the work repairs.

The Eagles will send two grapplers down state next week-end in the battle for state championship. Both Sandburg wrestler finished in second place in the sectional.

Ron Risner of Sandburg lost to Fred Jorgenson of Joliet in a thrilling, 2-0, match for the 112 pound crown. Risner was a state participant in wrestling last year. He has not reached the peak expected of him thus far. He may possibly get another opportunity to meet his opponent again.

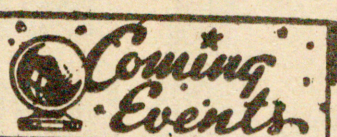

Ron Semetis, S W S Conference champ and Carl Sandburg District wrestling champ, fell to Jerry Torrance of Thornton, 3-0, in another exciting match. This was the struggle for the 120-pound crown. Semetis goes now to the state meet and may get chance for revenge there.

95-pounder, Wayne Jackson, of Bremen is the other performer from our area that will get a chance for state honors next week end. Wayne lost to Jim Runchack of Lockport in the finals at Thornton. This was a hotly contested 1-0 decision.

The first and second place winners at the sectional go on to the state meet at Champaign.

Thornton looks very strong and could well repeat as the state wrestling champs—a title that they captured last year. Thornton will send eight representatives into state this Friday and Saturday at Champaign.

Plenty is still expected of Semetis, Risner of Sandburg and Jackson of Bremen on the state level.

EAGLES CLINCH SWS CAGE CROWN

Sandburg Taps Rich, Vikings To Eliminate All Competition

They are in! Those Carl Sandburg Eagles did not play the bridesmaid this season. Sandburg was second place finisher in about five of the six or seven seasons that the SWS has been in existence.

On Friday evening the Eagles beat the nearest challenger Rich, 71-54.

Don Arnold and Ron Lindgren were the scoring punch that never let the Rocket off the launching pad. Don clipped the net for 23 and Ron followed a mighty close second with 22.

On Saturday evening the Eagles went over to Homewood-Flossmoor and gave the Vikings one of its worst beatings of the season, 69-54.

Sandburg showed plenty of class in the last two contests, something that many observers were wondering about.

Arnold's coming to life, along with continued improvement of the

juniors make the Eagles impressive and give some reason to believe that they and Thornton could square off in the finale of the regional in this area.

Friday evening could give some indication as to how the Sandburg team may fare in the region. They will play the Bremen Braves, who they were able to defeat by six points on their home floor in Orland Park.

A convincing win on Friday would make the Eagles a tough entry—at least on paper—in the regional. This was the 12th win in 13 starts for the Sandburg team, who has only lost four games over the entire season. They dropped verdicts to Lincoln-Way, Mokena, Argo, and Plainfield.

The Rich game was rather closely contested for the first half, but a second half rush easily outdistanced the Rich team and they became a 17-point victim of the Eagles.

Church Loop Tourney To Open Tuesday

The Third Annual Tinley Park Church League Basketball Tourney opens on Tuesday evening at 7:00 p.m. with the opening contest.

The dates for the tourney are March 1, 2 and 3 and then the finals on Saturday evening, March 5. Methodist, Nazareth, St. George, Zion Lutheran, and four teams that played in the Tinley Park Church League will be participating in the annual affair.

Invitations have been sent out to 4 other teams. Presently, the Orland Park Nike Site has accepted. The Nike site has the best team in its history and has been winning consistently through the season.

Other invitations have been sent out. There are numerous possibilities at the present time. One thing is certain: Outside teams will be better than they were in the past.

The Methodist must rule the favorite in the coming tourney on the strength of the 12-0 mark compiled in league play.

However, the tourney will be more interesting than might be expected at a quick glance. The Methodist experienced more difficulty winning at the close of the season than they had at the beginning.

Two games will be played each evening. The first game will start at 7:00 p.m. and the second game will open at 8:30 p.m.

Trinity Lutheran of Tinley Park, Harvey WMCA, and Harvey Baptist are among the teams that have received invitations to the tourney.

This promises to be the best in the short history of this basketball sport among the church in Tinley Park. Every time in the Tinley Park League is 100% improved over the beginning year.

Church league All-Stars were chosen last week at a meeting of the league officials and coaches. The team selected showed no repeaters from last year's first squad. The Methodist, who won their third successive championship, dominated the two teams by placing three on the first and two on the second.

First Team: Rich Tindall, Methodist; Tom Propp, Zion; Ron Gallagher, St. George; Roger Hug, Methodist; and Harry VerWey, Methodist.

Second Team: Richard Zawadzki, St. George; Ken Webster, Methodist; Wes Landau, Methodist; Ron Gallina, St. George; and Tom Rockrohr, Nazareth.

Honorable Mention: Bruce Rodger, Nazareth, and Jim Casey of Zion.

playing Bremen at Midlothian Friday night.

The Eagles are winners of the SWS Suburban crown.

—O—
LINCOLN-WAY vs. LOCKPORT

BY BILL SLUIS
The Knights again drew the toughest assignment in the Region to which they have been assigned.

Last year they were placed with Bloom, considered the top prospect in that region, however with a winning year they are still picked as the weakest team in the tourney. Strange things happen in this business of tourney pairings.

Lockport has a season's mark of 21-5. Lincoln-Way will no doubt finish the season with a 14-9 mark. This will be the best in Lincoln-Way's history. The best previous was 7 wins.

Both Lincoln-Way and Lockport have met a common opponent in Joliet Catholic high. The margin of victory for both Lincoln-Way and Lockport was relatively the same.

However, the Knights have not been playing in the company of the Kankakee K's.

Lockport must rule the favorite in this contest, but the Knights are bent on upset. They have come off the deck with at least five upset wins in this basketball season and on given nights have shown the kind of class that is strong enough to defeat even the likes of Lockport.

If Skip Kruzich continues as hot as he has been in recent games and Duane Warning reaches his potential the Knights will be a fearsome array at Bloom.

Another fellow that is bringing a smile to Joe Kruzich's face is Bob Lichtenwalter. "Lick" as he is known to his teammates, scored 11 points in the Bremen game and has shown great ability to hit the basket in recent games. This was Bob's draw back in the past.

Lincoln-Way Sweeps Conference Foes, Bremen, Flossmoor In Weekend Clashes

BY BILL SLUIS

Earlier in the season Lincoln-Way missed by one-point of pulling the grand-slam upset weekend by knocking off Homewood-Flossmoor and Bremen on Friday and Saturday, respectively.

This past week-end the Knights did just that.

They beat both the Vikings and the Braves in clear-cut victories.

With four players scoring in double figures, the Lincoln-Way Knights tore into the Bremen Braves with vengeance Saturday, and came off of their home court, 62-55 victors before a substantial crowd.

The four who scored over ten were: Duane Warning, 15; Skip Kruzich, 14; Bob Lichtenwalter, 11; Ron Yunker, 11.

The game was close for most of the first half, but the Knights opened the gap during the second half and finished the night by stalling away the last few minutes, delighting their numerous fans. In winning the game over the Braves, third team in the SWS, the Knights gained revenge for a 57-56 loss handed them at Midlothian by Bremmen.

High scorers for Bremen were Jim Mifflin with 21, and John Ragsdale, who rang up 14. It was Mifflin who gave Bremen a last second victory in the previous encounter when he netted a 15-footer a moment before the final horn squawked.

Each team showed its intentions early in the game, as they fought to a 12-11 first quarter, Bremen on top by that one lonesome point. The second quarter was also extremely tight, and the half-time score stood 29-26, Lincoln-Way, Duane Warning and Dan Fenn scored just before the half to give the Knights the lead.

In the third quarter, both teams kept things approximately equal, the Knights adding one point to their margin to get a 48-44 score going into the last stanza.

It was early in the fourth quarter that the Knight offense delivered the knockout punch, as they took a 57-44 lead before Bremen uncorked a single point, Duane Warning contributed two buckets and several rebounds during those brief minutes, and was aided by Ron Yunker, Skip Kruzich and Bob Lichtenwalter. With 4:29 remaining in the game the Knights went into a stall and eliminated the Braves in that fashion. Several buckets by Jim Mifflin brought Bremen a little closer before the finale, but it was not enough, and the Knights finished as 62-55 victors.

The victory brought the Knights to a 7-6 slate in the Southwest Suburban and leaves them knocking on the door to fourth place. A victory over Evergreen Park in the season finale may give them this perch. The Knights will play at Evergreen Friday night, hoping to gain a sweep of the season series with the Mustangs, who they beat 59-56 in their first duel. The game will end regular season activity for both clubs, and will leave them only with their individual district tournaments to play.

Again Al Waldvogel could be a key man in the Lincoln-Way attack, if Kruzich can get five long baskets in each contest from Al it would be a great game to see—that Lockport vs. Lincoln-Way. Lockport by five points.

Wind-up Cage Season In SWS

This week-end will be an anticlimax in the SWS basketball activity, but it will be an exciting one. Bremen will be trying to upset cross-country rival and SWS Conference Champ, Carl Sandburg at Midlothian on Friday evening.

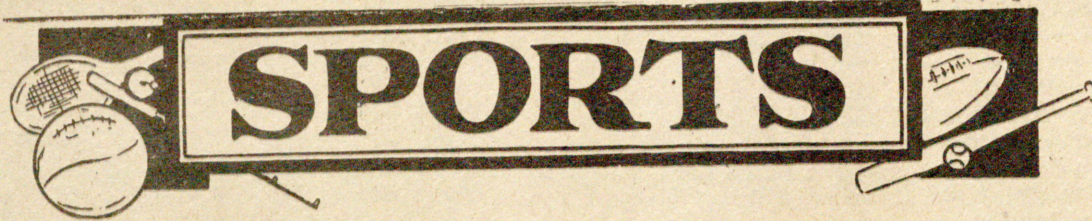

The Eagles beat Bremen at Orland Park in the first meeting of the two teams by six points.

But a large crowd expects to see an exciting contest between these two rivals.

It will be the last regular season game for the great Jim Mifflin and Jim would like nothing better than for the Braves to finish the season on a winning note.

Sandburg will be seeking victory number 19, one of the highest totals in the school's history.

Lincoln-Way is hoping to creep up into a tie for third place with the Bremen Braves.

Braves, Eagles Go To Harvey, Knights To Compete At Bloom

(Editor's Note: Writers who have followed the respective teams all season will give generalization of what they think can be expected in the regional tourney. Yours truly will give some general "discussion".)

Bremen and Carl Sandburg are definite favorites in the opening rounds of play next week at the Thornton regional in Harvey.

Bremen faces league rival Homewood-Flossmoor, who they recently defeated by a good margin. Sandburg meets Morgan Park Military Academy, a team that has usually been given to Thornton.

Morgan Park is weak, as usual, and the Eagles should find the going rather easy in the first effort.

Lincoln-Way faces Lockport in the opening of the Bloom regional in Chicago Heights with the tourney's number one seeded team in Lockport. The Porters are the favorite in this contest and should win.

Sandburg will probably be the team to emerge in the finals. They should be doing battle with Thornton come Saturday evening at Harvey. This will be an interesting contest.

The Eagles are a rugged team. Thornton has been coming alive of late, but they have proved thorough out the season to be a hot and cold team.

If Sandburg catches them on a cold night the Eagles just could win the first regional in the schools history and then they would probably face Lockport.

Before we get further, Thornton would have to rate the slight favorite in this contest due to the kind of competition that they have been meeting through out this season.

It will be unusual to see a SWS team even reach the finals of the regional tourney at Harvey.

CARL SANDBURG
BY DEAN DALLAS
SEMMER PRESS
SPORTS EDITOR

Morgan Park Military Academy does not pose much of a threat in the path of Carl Sandburg's Eagles in the first contest in the Regional tourney at Thornton. Sandburg will probably enter the tourney with a 19-4 mark for the current season and should not find the Parkers a real challenge. In fact, this should be excellent session for the Eagles to get their bearings in the large environs of Thornton gym.

The next contest should not be a super human tasks for the Eagles, providing that Morgan Park doesn't pull the major upset of the entire season in these parts, whether Bremen or Homewood-Flossmoor wins in the initial meeting.

Flossmoor would be an easier foe for the Eagles. The Vikings are bigger than Sandburg, but have a tendency to play a slow type of game with little or no driving for the basket.

Sandburg has found it rather easy to defeat the H-F forces. Bremen would be a "game of a different color". The Braves could rise to the occasion.

From this position it appears that the Eagles may be squaring off with Thornton's Wildcats in the regional finals on Saturday

at Harvey. That should be a real game.

Sandburg has the necessary height and team savvy to take the Harvey team, but it is difficult to really estimate the experience that Thornton has gained by getting drubbed by a couple of the best teams in the state.

The Wildcats are having one of their "worst" seasons in history, but recently have some real good potential. They knocked Argo off its perch and then turned on a couple other tormentors to record a late season surge of victories.

We would have to string along with Thornton in this battle, strictly on the calibre of competition. But a victory of Carl Sandburg over Thornton came as no great surprise.

BREMEN-FLOSSMOOR
BY BRUCE RODGER

The Bremen Braves and Homewood-Flossmoor Vikings will face other in their first game in the regional basketball tournament which starts Monday Feb. 29, in the Thornton gymnasium.

The starting lineup for Bremen will be guards Richie Norbut, 6', and John Mannaloni, 5' 10".

The front line giants will be Pete Loverich and John Ragsdale, both 6' 4".

For Homewood-Flossmoor, the guards will be Ray Bower, 5' 10" and Dave Maga, 6'.

At forward positions will be Tom Swanson, 6' 4" and Ed Dickrickson, 6' 5". Ex-Bremenite, John Pryzabella, 6' 5" will be in the center position.

The two teams came to the boards pretty evenly matched in height and ability, having split two conference games.

In their first skirmish, the Vikings downed the Braves 81-66. In the return match, Bremen was the winner, 63-52.

The Vikings won their game easily. Their three Goliaths held Brave Jim Mifflin to a scant 15 points, one of his lowest all year.

The ex-Bremenite, Pryzabella, had 25 points and performed excellently on rebounding. Tom Swanson of the Vikings hit for 19 points.

In their second meeting, Bremen had a decisive victory, holding Dickrickson and Pryzabella to one point each.

It was an outstanding defensive game that the Braves played, holding the Vikings to 52 points. Mifflin scored 19 in this encounter, six points on baskets and 13 on free throws.

Balanced scoring and a sound defense spelled victory for the Braves.

Ray Bower turned in a fine game for the Vikings by sinking 19 points.

Thus far this season Bremen has won 9 games and lost 8. In conference, they have won 8 and lost 5, while Homewood-Flossmoor has won 7 and lost 6.

If the Vikings fail to stop Mifflin of the Braves, and the Bremenites turn in a good defensive performance, Bremen will play the winner of the Carl Sandburg-Morgan Park Military game. Sandburg is favored to win this one.

On Friday the Sandburg Eagles will take a trip to end the Southwest Suburban League conference,

Herschbach Heads County Campaign For Sam Witwer

Walter O. Herschbach, Joliet attorney and formerly of Frankfort, has been named as Will county campaign chairman for Samuel Witwer, Chicago attorney, who is a candidate for U.S. Senator in the Republican primary.

Witwer was in Joliet last Friday where he spoke at a luncheon in Woodruff hotel. The affair was attended by county and town officials and precinct committeemen from Republican areas in the county.

Witwer was introduced by Morton H. Hollingsworth, a member of Gov. Stratton's cabinet and GOP national committeeman for Illinois.

Witwer extolled the accomplishment of the state and national administrations under Republican leadership and branded U.S. Senator Paul Douglas (Dem.), as an ineffectual who talks economy but votes for lavish spending.

Cook County was well represented at the District 4-H Leaders' Conference held in Kankakee last week. Mr. T. W. Thompson, 4-H leader and 4-H Advisory Council president, gave the response on behalf of the 4-H leaders for the recognition luncheon held in connection with the meeting. Mrs. Katherine Ihlenfeld, Tinley Park, was one of the leaders recognized for their years of service to 4-H boys and girls. Mrs. Ihlenfeld has been a club leader for 23 years.

The theme of the leaders' meeting centered around the 4-H Share-the-Fun Festivals. Many helpful suggestions for conducting the Share-the-Fun program were given to the leaders by members of the University of Illinois 4-H staff.

National 4-H Club Week will be observed March 5-12. Two county-wide 4-H events are being planned for 4-H Club Week; one is the 4-H

VOICES STAND ON SEWER

Dear Sir:

In the article appearing in the Tinley Park Times of Feb. 11, 1960, covering the proposed changes to reduce the sewer system discussed at the village board meeting of Feb. 8, your reporter states that I expressed my displeasure at reducing the system. I would like, at this time, to clarify the statements which I made at that meeting.

As you know we have voted twice on a \$1,500,000 sanitary sewer system, and it has twice been defeated. At the village board meeting of Feb. 8 the proposed changes

to reduce the sewer system from \$1,500,000 to \$1,350,000 were discussed. During this discussion it was brought out that if there was any difficulty selling the bonds and they had to be discounted, there was a possibility that not everyone in Tinley Park would get sewers. The question was also raised as to who would decide who would get sewers and who would not get them, in event that there would not be enough money to finish the sewer system. This sewer system was reduced \$175,000, leaving little or no cushion in the eventuality of extended costs. I, as a citizen of Tinley Park, would hate to sit on the village board and have the responsibility of not being able to deliver what the people had asked for and expected to get.

I think it is about time the people backed their duly elected officials. For the last couple of years a minority group has effectively blocked the progress of Tinley Park. For this, the citizens are at fault for not attending the village board meetings and finding out for themselves the facts pertaining to the running of their village.

In blocking the progress of Tinley Park, misleading figures have been used to confuse the voters, and personalities have unnecessarily been brought into the picture; and it is possible that we are going to pay heavily in letting the Chicago Sanitary District come in and give us sewers at their discretion. Why this minority group insists on blocking this sewer system is beyond the comprehension of this writer. It is time that we all thought of Tinley Park as our home and not as a political football.

It is our duty as good Tinley Parkers to find out the facts for ourselves by attending village board meetings and then going out and voting intelligently. In the last sewer election less than 50% of the registered voters showed their preference one way or the other.

Shortly after the defeat of the initial referendum in May of 1959, for this sewer program, we elected to the board three new trustees. These men had not been exposed to the governing problems of the village at the time the original sewer program was planned. They found it to be in the best interests of the village to accept the plan for sewers as originally designed.

It would seem to this writer that most certainly their concurring opinions serve as fact that the sewer program as originally planned is the best for the village. We can only hope that prior to the next election of trustees we will have finally accepted the sewer referendum. If not, most assuredly a completely new village board would again accept the original plans without compromising for the satisfaction of minority opposing factions. Compromise can only bring about reduced effectiveness of the most sorely needed improvement in the Village today.

One result of reducing the sewer system will be the elimination of the proper sand backfill for the streets where the trenching will be dug. This can bring about the additional financial burden of street maintenance which even now is inadequate. Without sand backfill, it is common knowledge that any excavation will settle. It would be nothing short of disastrous to tear up some of the permanent streets in this village, few though they are, repair them after the initial excavation, and then have to return again to do the job over again with additional funds being required in an already overburdened village.

If you want to get the facts for yourself, please come to the village board meetings and show the trustees that you are backing them up with the same support as when you elected them to office. If you are still not satisfied, band together as Tinley Parkers rather than in homeowner's groups. This is not properly a problem that comes under the jurisdiction of individual neighborhoods. It is a problem common to the welfare of our entire village.

Again, I express my displeasure at any system that does not give all the citizens of Tinley Park their money's worth.

Ray J. Sullivan
6521 Riverside Dr.
Tinley Park, Ill.

SPEAKS UP FOR POLICE

Sir:

I would like to say that we have a bunch of cry babies in our village of New Lenox. I think it is about time all of you should wake up. Now and then you hear talk around town about our police that

all they do is ride around all day and spend the taxpayers money. Myself, I don't think this is true. They have no bed of roses. At the end of the day when they get done they can't relax like you and I can, they still are on 24 hours call. That is what you and I pay them for. They see to it that while you and I are home sleeping that no one tries to break into our house or while you are out having a good time somewhere. Why is it Mr. and Mrs. Public if one of our boys stop you and gives you a ticket because you broke the law right away he is a no good cop and you are going to see your lawyer or Motor Club. But let that same person get a ticket in some other town for speeding or running a stop sign he pays his fine and not a word is said.

But if you need help because your boy or his little dog is lost or one of your loved ones is sick and you need help then he is a good guy. And who watches your boys and girls when they go to school? Your police. They see to it that some motorists don't run them down. And don't forget when a policeman goes on duty he says good by to his family and they don't know if he will come home at the end of the day like you and I can when we are done at work. They may get word that this policeman was killed in the line of duty. So why not give our men a little praise for what they are doing instead of trying to run them down.

On Crooked Cops And Crooked Politicians

For the sake of the thousands upon thousands of honest, hardworking -- and for the most part underpaid -- policemen in the country it is hoped that the case involving the crooked cops of Chicago will be closed up soon with the guilty punished and the innocent exonerated.

It is also to be hoped that the law enforcing officials faced with the task of prosecuting these dishonest policemen will not stop there. There wouldn't be crooked cops if there weren't crooked officials and politicians.

If public officials and politicians were all honest the police would be honest. They wouldn't dare be otherwise. Gangsters and racketeers who buy police must have insurance. So they buy the politicians whose power and influence can make or break policemen.

The cream thus is ladled off by the corrupt politicians while the milk -- but it is not entirely skimmed, there is still fat in it -- trickles down to the crooked cops.

There is a saying by Confucius to the effect that if the ruler of a country is just and honest so will be his people but if he is dishonest, corruption and thievery will mark the conduct of his subjects.

We are not so naive as to think that the voters of Chicago can turn the rascals out -- as the saying goes -- because the rascals are so well entrenched they will take a lot of turning. They have such a good thing financially that you can depend upon it they will give up without a fight. But the people of Chicago can make a start by kicking out the crooks and the weak officials who are afraid to stand up and expose the crookedness of their colleagues.

A hard core of honest forthright officials can do a lot toward ridding a community of crooks but they can't do the job alone. Honest citizens, real stand-up people, are needed too.

Well, folks, this corner hates to disillusion you but in view of current investigations maybe it should be brought out that some of your pet lawmen — Wyatt Earp, Bat Masterson or the fictional fighter who is making Chester famous — Mister Dil-lon — were lawbreakers too.

There is scarcely an episode on TV but shows these doughty champions of right flouting the law themselves — and with apparent relish too.

Of course, when the Earps or Mr. Masterson change locale and jaunt out to Arizona, Montana, Wyoming or the Black Hill country they are well within the law but when the scenes are laid in Kansas intrepid law enforcers are also intrepid law violators.

Life in a cowtown, as every TV viewer will testify, revolved about the saloon. The place with the swinging doors was not just a place by the side of the road for men to pass by or maybe rush in for a quickie. In many instances the frontier saloon not only supplied guests with bottled beer, wine or whiskey, but also with entertainment-including gambling — and at the same time served as a center

for the exchange of information, messages and challenges. Saloons also served at times as employment agencies or even banks.

Regardless of how they were used or of their value to the cultural growth of a community the saloon in Kansas was illegal.

From the time Kansas became a state it has been listed in the prohibition column. The lawmakers of Kansas outlawed liquor from the beginning, despite the fact that while they voted dry a large portion of them never allowed themselves to go thirsty.

Kansas is still a sort of quasi-prohibition state but the fact doesn't interfere to much with the drinking habits of its people.

The big difference between now and the early days when all drinking was called unlawful is there are no open saloons in Kansas today. Also one might add that the price of liquor has always been a mite higher in Kansas than in neighboring states.

Of course everyone frequented saloons in the early days in Kansas. No cow town was complete without them — Wichita, Dodge, Abilene, Hays City, Newton, Garden City — each had its saloons and the peace officers of such hamlets could generally be counted on as good customers, despite the fact that such acts put them down as scofflaws — if one may borrow a term from the period when National Prohibition was on the statutes.

It is an odd thing but the state that enacted one of the first prohibition laws and therefore should not have offered her an opportunity for her talents also produced Carrie Nation, militant foe of alcohol.

Carrie hated the booze business and during her career appeared to have been the only citizen in Kansas who really gave a whoop whether prohibition was a fact or fancy.

Her advent on the scene came long after the cow towns had become civilized and one wonders what would have happened had Carrie lived then. She would have presented Messrs. Earp, Masterson and Dillon with a problem that probably would have caused those lawmen to take their talents to other pastures because the code of the day would not have permitted them beefing a woman — regardless of the provocation.

I was only a child when Carrie was operating in high gear but can vaguely remember the stir and talk her appearances caused. We lived in Topeka then and since it was the capital and so of course attracted many visitors, especially when the legislature was in session, it con-

tained many "joints" as the bootleg spots were called.

Topeka had no saloons but it had a multitude of joints, mostly in the guise of drug stores. Some of these places had bars behind the prescription cases while some would be called package stores today.

A stranger who carried a prescription into such a store never realized the inconvenience he caused. The proprietor or bartender would have to hustle out himself or send a barfly careening up the alley to the nearest real drug store, get the prescription filled, then bring it back, make out the label and finally effect delivery.

Leavenworth, having a military post on the outskirts, had saloons. We lived at Leavenworth for a time when I was a youngster and at the time there were more than a hundred saloons in the town — operating openly as such, with signs, swinging doors and all.

It is understandable then why Carrie Nation never had to leave Kansas, a prohibition state, to carry on with her bar and bottle smashing chores. According to accounts of her forays Carrie was a top hand with either single or double bitted ax and when she left a joint — usually dragged out under arrest — the place had little left to recommend it.

When the cow camps were booming had anyone approached Mr. Earp or Masterson with the suggestion they enforce the state prohibition law those sterling officers no doubt would have collared them and started them on their way to the loony bin.

Once there was a governor who was prevailed upon to send a representative to Dodge with the idea of closing the saloons and gambling rooms. No one shot him or even at him because like the Indians the residents of Dodge apparently figured crazy persons were blessed with the favor of the Great Spirit and therefore were not to be harmed.

They made it plain, however, that if by chance the governor's man was sane and returned to Dodge on the same mission it would be up to him to decide whether he wanted to be shot or hanged. The man returned to Topeka and did not come back. Neither did anyone else.

There was some talk of sending a militia company out to dry up Dodge but the members prepared to resign in a body rather than face the gunslings of the cow towns, which, of course, would include the peace officers, so that idea was dropped too.

So if Mister Dil-lon has a quick one at the Long Branch or the Alhambra or Mr. Earp or Mr. Masterson dwindle over a dollop or so of 40-rod don't hold it against their records. If they had enforced the prohibition law they would have had to kill every male in the country.

You couldn't settle the West that way. No sir-ee, so have another drink Mister Dil-lon.

Chlorine in tap water is the reason some indoor plants die. If it is inconvenient to water them with rain water, you can remove the chlorine by boiling tap water. Be sure to cool before using.

MOKENA STREET SCENE after the sleet and snow storm of last week. The community was without electric power for some five hours Wednesday which made it a cold day for households depending upon automatic heating devices. Public Service Co. crews had a busy time removing trees from wires and wires from trees. (Marvin Smith Photo)

PRETTY, WASN'T IT — That is if you didn't have to work out of doors, travel, didn't lose any trees and had heat. This picture was taken by Dr. Otto J. Novota in Frankfort. A young tree in the foreground looks like it has had it. The older ones took the stress and strain.

Letters To The Editor

Dear Sir:

AN OPEN LETTER TO MR. KNUDSEN

Now that the sewer program costing \$1,500,000 has been defeated twice by the citizens of Tinley Park, why Mr. Knudsen don't you come up with a program that the majority of the people can afford? We are not ANTI SEWER as you would have the people believe but ANTI your particular program! So why not put the Sanitary District offer before the voters?

I know your argument is they would own our sewers. Who wants to own a sewer? I don't! We don't own our gas, water, electricity etc. As long as we are paying for it then I would say the majority rules. Or don't you believe in majority rules Mr. Knudsen?

Obviously you did when you took office. What if your opposition insisted on several elections until he won over you as village president? In effect that's what you are doing! With your PET PROGRAM! Give the majority what they want!

Business & Finance

BY MARICE P. ANGLAND

The stock market made headlines during the past two or three weeks. The announcements concerned what are known as the Dow Jones Industrial Averages which had reached a high point of about 680 and are now about 620 which is a 10 per cent change. A change in these averages is expressed in dollars.

An increase or decline of \$6 usually reaches headlines even tho it may be less than one per cent change.

Among sophisticated investors, the Dow Jones Averages are considered as only the most general of indicators of market levels. The Dow Jones Industrial Average is composed of 30 industrials which were picked many years ago to express average price levels. They are no longer typical of market moves as even a casual study of the price changes reveals.

The Dow Jones news service is owned by the Wall Street Journal and brokerage firms find it easier to use a known index than to aggressively pioneer a new index even tho it may be more accurate. It is, naturally, doubtful that the Wall Street Journal will inspire use of an index other than their own.

Standard & Poor Investment Service has an index which includes

425 industrials, 25 utilities and 25 rails. This is naturally a more representative list, but lacks headline catching new appeal as price averages change in pennies in contrast to wide swings of the Dow Jones.

Some analysts attribute the decline to selling by institutions of their holdings of what are known as the "glamor stocks" in which they had a large profit. Some of these stocks have been considered to be selling at prices discounting likely earnings, for too far in the future. As is always the case in decline in any specific group, there finally will be a decline in other groups as investors make changes in their investments by changing from one group to another.

Some of the investment services are pointing out that business, generally, is very good altho less than of boom tenor. It is expected that steel operations will recede from 95 per cent of capacity to about 80 per cent. It is also pointed out that this volume is very profitable and may well be more profitable, for some than 95 per cent rate which is about full capacity.

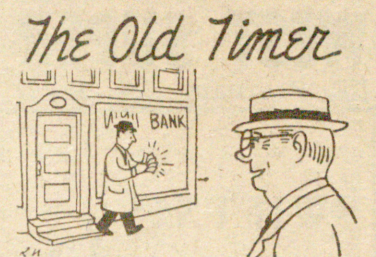

Automobile firms which had previously calculated that the compact cars would be about ten per cent of sales, are now revising this figure upward. Some expect that compact cars may be as much as half of auto sales.

The well known investment services have been pointing out that business statistics do not warrant pessimism. Defense spending will be about the same as it has been but will be changing as to the emphasis. This is particularly true in aviation. Missiles are replacing airplanes and aircraft firms find themselves making little more than airplane frames with electronics and fuel systems being the expensive portions. Naturally,

Section 2 Page 7

Thursday, February 25, 1960

this brings about a condition where there is a considerable over capacity in air frames. Some of the airplane manufacturers must vary their interest and unemployment will exist in these areas until the change is effected.

Second Chicago World Flower Show Announced

The Second Chicago World Flower and Garden Show will be held from Saturday, March 17 thru March 27, it was announced by Dr. R. Milton Carleton, general chairman of the show. The location will again be the International Amphitheatre, 42nd and Halsted st., the worlds largest exhibition hall.

An impressive list of business, professional and industrial leaders and their wives will act as patrons and patronesses. Other supporters of the show include most of the country's leading horticultural organizations and specialty societies.

Many of the specialty societies are planning exhibits of their hobby flowers which contributed both beauty and practical information to last year's show. The 1960 show will devote even more space to such educational exhibits.

Among the larger exhibitors will be the Garden Club of America, (Central Western Zone); the Woman's Board of the Chicago Horticultural Society; the Nationally Accredited Flower Show Judges of Illinois, Inc.; the Allied Florists' Association of Illinois; the Ornamental Growers Association of Northern Illinois; the American Rose Society (three Chicago regions); the American Society of Landscape Architects and others.

Overnight the huge central arena of the Amphitheatre will become a breathtaking landscape of living gardens with trees, shrubs and flowers in full bloom, set against bright green lawns.

The main plan, by Harold O. Klopp, landscape architect, is based on a classical design with a central walk flanked by "period piece" gardens in a nostalgic vein. These will contrast with modern gardens which are so placed that they do not clash with the traditional theme of the central allees.

Exhibitors in the central allees include Jackson & Perkins, Vaughan's Seed Company, Ornamental Growers of Northern Illinois, Charles Klehm Nurseries, Amling's Flowerland and A. Lange and Son. The climax of the arena display will be a towering hillside by the Chicago Park District, planted with brilliant plant material, with a gli-

stening waterfall as its backdrop. The show will again be under the sponsorship of the Chicago Horticultural Society, of which W. A. P. Pullman is president. Frank Dubinsky, under whose management the show was such an outstanding success in 1959, continues as its managing director.

Attendance last year exceeded 170,000; for 1960 an attendance of at least 200,000 is expected.

"Any extra charge for trimming ears?"

What? Know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?

(1 Corinthians 6:19) St. Paul reminds us that the Heavenly Father created us in His image, that He dwells within us as our souls. Our sins and transgressions, therefore, are against Him; in love and humility we must seek His forgiveness, pray for His guidance and help.

Cattle, sheep and hogs - together - are almost as numerous as men in the United States.

Amvet Aux., Teen Girls Aid Cerebral Palsy Drive

BY MARGARET SEMMLER
MOKENA 5561

The Amvet's auxiliary were in charge of the Cerebral Palsy fund drive Sunday. They were assisted by a group of teen-age girls. Together they collected \$83.12. After the house-to-house canvass, all workers gathered in the home of Mrs. Wilber Schalk, where they were served refreshments. Mrs. Harry Fee assisted Mrs. Schalk in the serving.

Mrs. Mathilda Stankus, president of the William Martin VFW Auxiliary and Mrs. Esther Wolch, presented Mrs. Louise Hentsch her 25-year membership pen from the Auxiliary. Because Mrs. Hentsch has been and still is, seriously ill in her home, the presentation was made in her home. Mrs. Hentsch has been a faithful worker since the founding of the organization, and her attendance at the meetings is missed.

Mrs. Stankus and Mrs. Wolch also presented last Monday, a new 50-star outdoor flag to the two public schools in Mokena, Mrs. Elizabeth Cappel, principal accepted the gifts and stated she was real happy to have them for the schools, and thanked the donors.

The next card party of the Auxiliary will be held in their hall on Wolf road, Saturday March 12, starting at 8 p.m.

Miss Barbara Martie, daughter of Mr. and Mrs. Willard Martie, was graduated from the Wesleyan Memorial Hospital School of Nursing class last Friday evening, Feb. 12.

The exercises were held in Thorn hall.

Miss Martie completed four and a half years of nursing and also received her Bachelor of Science degree from Northwestern University. She will continue her nursing at the hospital and will specialize in surgery.

Mr. and Mrs. Everett Creer returned home recently from a two-weeks vacation spent in Fla. They visited with Mr. and Mrs. Charles Burkhardt, Lakeland and Mr. and Mrs. John Bringelson, Winter Haven.

COOK COUNTY PERSONAL PROPERTY ASSESSMENT FOR 1959

This publication is the official notice to property owners, of the 1959 personal property assessments made in the town and district indicated.

THE LAW PROVIDES THAT, WHERE A PROPERTY OWNER FAILS TO RETURN A SWORN SCHEDULE LISTING HIS PROPERTY THE ASSESSOR OF COOK COUNTY MUST ESTIMATE ITS VALUE ACCORDING TO HIS BEST JUDGMENT AND INFORMATION, AND ADD THERETO A PENALTY OF 50 PER CENT, ASSESSMENTS RAISED ON ESTIMATES AND RETURNS HAVE EQUAL STANDING IN LAW.

The amounts herein listed are the assessed values of personal property as of April 1, 1959, as determined by the Assessor of Cook County.

The amount listed as the assessed value is not the tax. The tax may be determined by multiplying the assessed valuation after it has been equalized by the Department of Revenue of the State of Illinois, by the tax rate in the Town and District in which the property is assessed. The Assessor has nothing to do with the equalization of values or the establishing of tax rates.

BASIS OF COMPLAINT ON ASSESSMENTS

Where a property owner has a specific claim of over or under valuation, complaint may be filed with the Board of Appeals in the County Building immediately after this notice.

INFORMATION ON ASSESSMENTS

Each property owner who has any questions in regard to the same, should inquire at the office of the Assessor of Cook County, Room 312, County Building. Information will be furnished without cost.

P. J. CULLERTON,
Assessor of Cook County.

JOHN MACAULEY, 131st and Wolf rd., is pictured here with the 23 pound 6 oz., barracuda he entered in the Metropolitan Miami Fishing Tournament while on a recent vacation in Florida. His fishing guide was Capt. Ralph Nemire on the Seacomber out of The Castaways Motel Docks, North Miami Beach. This catch will win the angler a year book award and will be considered at the end of the tournament in the awarding of trophies and citations for the best of 33 eligible species caught.

The name and angling record of each contestant is inscribed on the front page of the sparkling, illustrated year book. Thus each year book is different and becomes a valuable memento dedicated to the angler's individual fishing success in South Florida. Sportsmanship awards in brilliant colors for wall or desk are presented to anglers who free all fish not wanted for food, mounting or entry in the top-weight class.

Pay
\$1.25
for a quart
of milk?

Of course you wouldn't pay \$1.25 for a 25¢ quart of milk. What about clothes drying? Would you pay 5 times what it's worth, load after load? Actually there's no need to! A GAS dryer will dry your clothes perfectly—so soft, so fresh—yet it costs only 1/5 as much as any other kind to operate. You'll find economical GAS makes it practical to use your dryer as much as you like, as often as you like. And, with GAS you save enough to pay for your dryer in just 6 years.

...only GAS dries clothes
so well for so little!
